

A DAY WITHOUT EUROPE!

Overview and effects for students, young people and consumers

by Andrea POLUZZI

EUROPE DIRECT – Emilia

***(Information and communication centre
of European Commission)***

Collecchio (PR) 17 September 2016

How would our life be without EU?

Europa

Better or worse?

Life without EU should be possible?

Yes / No?

How would our life be without EU?

Europa

With more or less advantages?

British experience after Brexit!!

Who knows?

Bad reputation of EU!

Europa

- economic and social crisis
- communication lack!

Nobody knows about EU!!!

Bad reputation of EU!

Europa

We (in Italy) changed approach to EU since 80' to nowadays!

From EU as lifeline to EU as our main daily problem!!!

Now it's not cool to talk about EU!!!

Bad reputation of EU!

Europa

But what is UE?

How does it work?

EU competences
comptences!!!

VS.

M.S.

Bad communication about EU!

- mass media,
- local and central Government,
- politicians

**Provide us with a very bad
(completely false) information
about EU (starting from its
name!)**

Bad communication about EU!

Just two examples of bad/false communication:

- crucified Christ in Italian schools!
- New Erasmus+ programme!

Which kind of European integration?

EU as a (strange) condominium/block with 28 very different owners with different histories and needs!!!

But this is an integrations!!!
 May be the best one we may achieve!

Life without EU should be possible?

On the basis of the previous introduction, there is not just only one reply!!!

It should be possible but worse!

Why should we support EU?

Not only economic advantages:

- Area of peace and stability (the main one!!!)
- rights and duties (Charter of EU Fundamentals Rights)

Why should we support EU?

Not only economic advantages:

- EU citizenship
- free movement (goods, citizens, capitals and services)
- social protection

Why should we support EU?

Not only economic advantages:

- consumers rights and protection
- food quality
- environment

Why should we support EU?

Europa

Not only economic advantages:

EU direct competences or
coordination action

EU - young people and students

Paradox: EU hasn't any direct competences in the field of education, vocational training and youth!

Anyway: EU programmes and initiatives for students, trainee and young people movement!!!

THANKS A LOT FOR YOUR ATTENTION!

Europa
